PROJECTS

- Zomiggo-Food-Order-Website** 03/2026 - 05/2026
Github
 - Developed a full-stack food ordering website using React.js and Node.js with a responsive and user-friendly interface.
 - Implemented dynamic restaurant listings, menu browsing, and a cart system to streamline the ordering process.
 - Built and integrated RESTful APIs for efficient frontend-backend communication.
 - Designed and optimized MySQL database for handling user, menu, and order data.
 - Deployed the application on Vercel with Git-based version control for reliable performance and updates.
- Smart-Resume-Analyzer** 01/2026 - 04/2026
Github
 - Developed an AI-powered resume analysis web application that evaluates resumes and provides actionable feedback for improvement.
 - Implemented resume parsing and keyword extraction using NLP techniques to identify skills, experience, and gaps.
 - Designed ATS-based scoring system to analyze resume quality and match it with job descriptions.
 - Provided personalized recommendations including missing skills, course suggestions, and resume optimization tips.
 - Built an interactive and user-friendly interface for seamless resume upload, analysis, and result visualization.
- AI-CHATBOT** 03/2026 - 05/2026
Github
 - Developed an interactive AI-powered chatbot web application capable of handling real-time user queries with conversational responses.
 - Implemented chat interface with dynamic message rendering and seamless user interaction using modern frontend technologies.
 - Integrated backend APIs to process user input and generate intelligent responses using AI models.
 - Optimized response handling with efficient request-response flow and scalable architecture.
 - Deployed the application on Vercel, ensuring fast performance and reliable accessibility.

EDUCATION

- Lovely Professional University** Phagwara
B.Tech - Computer Science and Engineering - 6.64 CGPA 2022 - 2026
- SVDA Jr College** Tirupati
Intermediate - MPC - 60.9 % 2020 - 2022
- Sri Padmavathi High School** Tirupati
10th - General - 10 CGPA 2019 - 2020

SKILLS SUMMARY

- Languages** Python, JavaScript, C, C++
- Frameworks** React.js, Node.js
- Databases** MySQL, MongoDB
- Tools** VS Code, Git, GitHub, Google Colab, Figma, Canva
- Soft Skills** Problem Solving, Analytical Thinking, Team Collaboration, Adaptability

CERTIFICATIONS

- SAP Certified- Data Analyst- SAP Analytics Cloud** - SAP
- IBM Data Analyst** - Coursera
- AI Fundamentals: Foundations for Understanding AI** - IBM SkillsBuild
